

Samy Achab

Product Engineer, Entrepreneur & Creative

Paris, France • myachab@gmail.com • +33 7 82 28 56 76 • [Portfolio](#) • LinkedIn : [@samychab](#)

Competitive athlete and recent graduate, I'm looking for an opportunity blending product management, design, branding and innovation. I want to help build concrete, user-centered solutions in an environment where I can learn fast, take on ambitious challenges and make a real impact.

EDUCATION

Master's (dual degree) in Entrepreneurship

IAE Lille School of Management & Junia Engineering School | Lille | Sept. 2025

Dual program focused on structuring and growing IKO, a marketplace connecting runners with certified pacers ("Pacing as a Service"): product architecture, business model (hybrid commission, 12-month P&L) and a legal framework for compensating athlete-pacers. Core courses: corporate strategy, innovation financing, project management, marketing.

MA: Interaction & UX/UI Design

Academy of Art University | San Francisco | Jan. 2024

UX design: research, understanding users, design and testing. Motion design and video: storytelling, After Effects, Premiere Pro. Front-end: HTML, CSS, JavaScript.

Master's in Innovative Textile Engineering

Junia Graduate School of Engineering | Lille | June 2023

Specialization in materials and textile processes, with a technical, environmental and managerial approach. Courses: finishing treatments, fiber materials, textile distribution management, strategic resources, life cycle analysis, color science.

EXPERIENCE

Project Manager — Client Engagement & Performance

Sunday | Dec. 2025 – March 2026

Led client performance at Sunday (digital table-payment platform for restaurants).

- Designed and delivered training sessions for the Support and Sales teams on internal tools and processes.
- Analyzed client data in Metabase to identify friction points and prioritize corrective actions.
- Managed support agents day to day to ensure service quality, and ran recovery programs to secure cash flow.
- Contributed to quality engineering initiatives and continuous process improvement.

Event Project Manager

Eight8Lines | May 2024 – Present

Advised and led one-off event projects centered on running as a social and inclusive tool, in partnership with sports brands such as PSG, Nike and ON.

- Provided strategic advice to these brands on field activation and street marketing operations.
- Run Before Iftar (Paris): co-organized a podcast on dual culture and performance, followed by a 5km run and a communal meal, 80 participants.
- On Track Night (Tokyo): coordinated an urban run in Shibuya gathering 100+ runners, street marketing operation with ON and merch distribution.

UI Designer

Osme | July 2024 – Sept. 2024

Designed website prototypes and built design systems in Figma to ensure visual consistency and scalability. Created marketing communication assets (social media, flyers) aligned with the brand identity.

Competitive Athlete - 800m

2019 – Present

3rd place at the 2023 French Championships (personal record: 1'47"22). Goal: reach the qualifying level for the 2027 Beijing World Championships.
